

## Raul Hun named Telos Alliance Director of Latin American Sales

----

6 December 2011, Cleveland Ohio USA

The Telos Alliance is pleased to announce the appointment of Raul Hun to the position of Director Of Sales for the Latin American region.

A native of Panama and a graduate of Southern Illinois University with a BS in engineering, Mr. Hun brings to the organization an outstanding 14-year track record as a specialist in international broadcast solutions for studio, transmission and processing.

Mr. Hun will be engaging with the extensive Telos Alliance dealer network in Mexico, Central and South America, as well as directly with end users and owners throughout the region.

“Raul’s experience and education in electronics and broadcasting are welcome assets in his new position with The Telos Alliance. He’ll be focusing on our Telos, Omnia, and Axia equipment offerings, working with dealers, installers and radio station engineers to help them see the ‘big picture’ behind Livewire AoIP technology, and how it connects key devices in a broadcast plant,” says Kirk Harnack, Telos Alliance Executive Director of Sales & Marketing. “Raul is so personable; he’s a lot of fun to work with, and he understands the challenges and solutions for today’s studios and transmitter plants. Telos dealers and customers are going to appreciate him very quickly.”
