MIDIARADIO NAMED TELOS, OMNIA DEALER FOR BRAZIL

CLEVELAND, Ohio, September 3, 2001 – Telos Systems and Omnia, a Telos company, have chosen MidiaRadio of Rio de Janeiro to represent Telos and Omnia broadcast products in Brazil.

Founded in 1998, MidiaRadio distributes broadcast products to Brazil's preeminent radio companies, including Rio de Janeiro's Tupi Radio Network, Radio y TV Bandeirantes of Porto Alegre, Radio Itatiaia, Minas Gerais and Radio Estudio Reunidos, Pernambuco.

"MidiaRadio brings with them an intimate understanding of the Latin American broadcasting industry. We are very pleased to welcome them to our worldwide dealer network," stated Mary Ann Seidler, International Sales Director for Telos Systems.

Comments Raquel Passos, MidiaRadio sales manager, "After selling various brands of audio processors for years, MidiaRadio found that the processing power and performance of Omnia overshadowed all others. The superb quality and affordability of Omnia processors and Telos codecs and hybrids make them a favorite with Brazilian Broadcasters."

To contact MidiaRadio, visit the dealer section of the Telos website at www.telos-systems.com or browse their website at www.midiaradio.com.br.

#

Telos Systems, with headquarters located in Cleveland, Ohio, and offices in Baltimore, Maryland; San Diego, California; and Freising, Germany is a leading manufacturer of ISDN, digital network and telephone interface products for talk-show programming, call-in radio segments, teleconferencing, audio production, remote broadcasts, and intercom applications.

Omnia, a Telos company, is world-renowned for its innovative digital audio signal processing expertise. Its family of digital audio processors for FM, AM, TV, DAB, Internet, and broadcast audio production are setting new standards for audio quality in the broadcast and Internet industries worldwide.
