Telos Part # 9150 - Zephyr Stereo Card Installation Instructions

June 8, 1995

Installation procedure:

1. Power Zephyr off and remove the AC Mains power connector.
2. Remove top cover.
3. You will note a pair of connectors on the motherboard next to the existing DSP card. Install the stereo card in this motherboard socket with Tyraps. Use a Tyrap to capture and hold the stereo card. Note the installation of the adjacent card. Trim excess Tywrap plastic. Note: If the unit will be stationary the Tyraps can be disregarded.
4. Replace top cover and connect AC Mains power connector.
5. Now you are ready to use all transmit modes.
